

A brief overview: Tropical Medicine Courses

On the following pages you will find a list of selected courses on tropical medicine and healthcare in developing countries, recommended by MSF for an assignment. Depending on your professional profile, your participation in one of these courses may be mandatory in order to apply for a position with MSF in the field. Therefore, please check the requirements listed on our website.

Please check with the respective institute concerning dates and prices.

Tropical Medicine / Global health courses (especially for medical doctors, nurses)

Location	Berlin, Germany
