

A brief overview: LAB-COURSES

On the following pages you will find a list of selected courses on laboratory diagnosis for tropical medicine, which are recommended by MSF for an assignment in the countries where we work. Depending on your job profile, your participation in one of these courses may be mandatory in order to apply for a position in the field. Therefore, please check the requirements listed on our website.

For precise information on fees and dates, as well as registration, please contact one of the following organisations.
